Frank 1/32 shows my analysis correct, that Zachary did not & could not have "forced" pkg. under oath, as this is, can it be said. / See 131 for transcript b'cast & glaringly "finding" of 132 - I do not recall earlier ref to Canale investigator E.L. Hutchinson, Jr. with both of them on scene immediately, ask for all their reports, interviews (other John Carlisle)

1132, 2d footnote - another example of what would have been in text & was added after F.-U. But if Homicide only notified Jensen, the timing is impossible as he testified to it. Interesting, this keeps what I had suspected from earlier note re Clerk, that JEH did not tell him or LBL
